ACCIDENT CAUSES, THE NEED FOR MORE DEFINITE ANALYSIS OF. Lucian W. Chaney, 41–5.

Accident hazards: automobile industry, increase in, 121; coal mining, 93; mechanical power transmission equipment, 149; reducing in woodworking industry, 143–7; special: California, 76; safeguards for, 152–5.

ACCIDENT PREVENTION, RELATION OF WORKMEN'S COMPENSATION TO. John B. Andrews, 205–9.

Accident prevention work: automobile industry, 122–5; chemical industry, 128; humanitarian side of, 24; building industry, 116; as production factor, 20–2; results of U. S. Steel Corporation in, 90, 92.

ACCIDENT PREVENTION PAY, DOES? G. A. Orth, 20–6.

ACCIDENT PREVENTION, THE PART OF THE CASUALTY INSURANCE COMPANY IN. David Van Schaack, 36–40.

ACCIDENT PREVENTION, REHABILITATING THE WORKER WHEN, FAILS. S. S. Riddle, 217–24.

Accident statistics, Cement Association, 106.

Accidents: cause of majority of, 80; coal mine, 1; elimination of, 214; eye, 163–6; classification and analysis of, 41–5; paucity of reports on, 1; investigation of Dept. of Labor and Industry, Mass., 67–8; mechanical power transmission equipment, guarding against and results, 149–51; Penna., preventable, number of, 191; textile industry, 136–8.

AGNEW, P. G. The National Safety Code Program, 51–4.

AINSWORTH, CYRIL. How Safety Codes Are Developed and Enforced in Pennsylvania, 55–8.

ALEXANDER, MAGNUS W. Need of Safety from the Employer's Point of View, 6–8.

ALMSTEAD, C. H. Safety in Building Construction, 116–20.

ALTMEYER, A. J. and F. M. WILCOX. The Wisconsin Idea in Safety, 78–85.

American Car and Foundry Company, accident prevention work of, 22.

American Engineering Standards Committee, 51.

American Museum of Safety, 13.

American Railway Association, safety work in, 14, 15; Train Operating Rules of, 110.

ANDREWS, JOHN B. Relation of Workmen's Compensation to Accident Prevention, 205–9.

Atlantic Refining Company, safety work of, through plant magazine, 192.

AUTOMOBILE INDUSTRY, SAFETY IN THE. R. F. Thalner, 121–6.

Automobile industry, growth and expansion in, 121.

BOARDMAN, JOHN H. Safety in Mining—Other than Coal, 102–4.

BOOS, WILLIAM F. The Prevention of Industrial Poisoning, 172–4.

BUILDING CONSTRUCTION, SAFETY IN. C. H. Almstead, 116–20.

CALIFORNIA, SAFETY CODE ENFORCEMENT IN. John McGilvray, 71–7.

CAMERON, W. H. Organizing for Safety Nationally, 27–32.

Casualties, industrial vs. war, 217.

CASUALTY INSURANCE COMPANY, THE PART OF THE, IN ACCIDENT PREVENTION. David Van Schaack, 36–40.

Casualty insurance company, 36; work of individual, 39; safety work of, 28.

CEMENT INDUSTRY, SAFETY IN THE. Henry A. Reninger, 105–9.

Cement Association, safety and accident prevention work of, 105.

CHANEY, LUCIAN W. The Need for More Definite Analysis of Accident Causes, 41–5.

CHAPIN, E. S. Safety for Railroad Employees, 110–5.

CHEMICAL INDUSTRY, SAFETY IN THE. L. A. De Blois, 127–31.

Chemical industry, inherent accident hazards in, 127; poisons, prevalence of, specific treatment for, 172–4.

CLARK, W. IRVING. Guarding Against Infection, 168–71.

Clark Thread Company, accident record of, 140–2.

CLOSE, CHARLES L. Safety in the Steel Industry, 86–92.

COAL MINING, SAFETY IN. D. Harrington, 93–101.

CODE, THE NATIONAL SAFETY PROGRAM. P. G. Agnew, 51–4.

Code development, Penna., 55–7; enforcement, Mass., 66; effect of, on accident frequency rates, Mass., 68–70; preparation of, Mass., 64.

CODES, ENFORCEMENT OF INDUSTRIAL, IN MASSACHUSETTS. Ethel M. Johnson, 63–70.

Codes, National Safety, drafting, 51–2, safety, present active, 54; types of safety, 52.

Coffin, "Father" (Lorenzo A.) safety railroad work of, 16.

Compensation insurance, Calif., 75; rates, Cement Association, 106, 107. Workmen's Act, Wis., 84; laws, first in textile industry, 136; passing of, 28; provision of, Ohio, 60–1.

COXE, CARAL B. Putting Safety Across to the Worker, 191–6.
